

Jean-Jacques Novelli

European Chief Representative for Century 3, Inc.

Jean-Jacques Novelli is chief representative of Century 3, Inc. in Europe. Based in Paris, France, he oversees the European contacts with industrial clients that are headquartered in Europe. He supports clients who want to invest in the United States or China. Thanks to his understanding of European industrial project organizations he can set up teams to conduct any investment process from the administrative, legal, and commercial aspects, to site selection, engineering, and construction.

Prior to assuming his current position with C3 in 2004, Jean-Jacques Novelli held the position as Business Development Manager for IDC, part of the CH2M HILL family of companies, where he focused on high technology industrial development projects in Continental Europe. Before that, he was Business Development Manager for Jacobs Serete, a European-based subsidiary of Jacobs Engineering focused mainly on high technology and pharmaceutical investments.

Jean-Jacques Novelli is member of the board of the industrial engineering association, GGI (Groupement Genie Industriel), based in Paris. GGI is a network of industrial engineering experts that exchange good engineering practices and the latest technologies and methods.

Jean-Jacques Novelli is a graduate of the University of Bordeaux with a Masters of Business Management. He also holds a Masters of Electronic Engineering.
